- 2) Highnoon always seeks to provide with comfort and beauty in human life.
- 3) Highnoon guarantees high quality of products based on 20 years of KNOW-HOW and superior technologies.
- 4) Highnoon makes constant efforts to satisfy our clients.
- 5) Highnoon gives priority to
 - [1] Outstanding design
 - [2] High quality
 - [3] first-rate after sale service thereby
 - [4] We look to satisfy our clients and create best partnerships based on solid trust.

ARKADIUS was launched in 2014 based on the technology of Dongkwang Optical Co.,LTD. Which had over 40 years of manufacturing experience. Dongkwang Optical has made a number of brands like DKC, Pierre Balmain, Arnaldo Bassini, and GALLAN and recognized its technology.

The word ARKADIUS is a compound word of English and Turkish. It is a fashion eyewear that gives the impression which comfortable glasses like flowing water can be a harsh stream. We aim to raise its name to the world with the theme of its simple design and light and comfortable fits.

ARKADIUS realizes the comfort centered design and we make the eyewear which is light and comfortable without faults. Though its design is not too much, but simple, our identity is melted in the design. The design directions are simple and modern. When we develop eyewear, we use a variety of expensive materials including metals, so they are light and their quality is high. We make items which are superb in comforts through continuous technical developments. In addition, we manage the whole process from designing eye-wear to manufacturing. Based on over 40 years of manufacturing technology, we even express past things in modern styles.
